

Nameserver

How can I enter external name servers?

Of course it is possible to enter external name servers. Please follow the subsequent steps:

1. Log in to the customer area at www.inwx.com
2. Choose the menu item "Domain" and then "Domain List".
3. Choose "External Nameserver" next to the respective domain name.
4. Choose a Nameserver-Set or enter the Nameservers manually.
5. Confirm the changes by pressing the "Send" button.
